

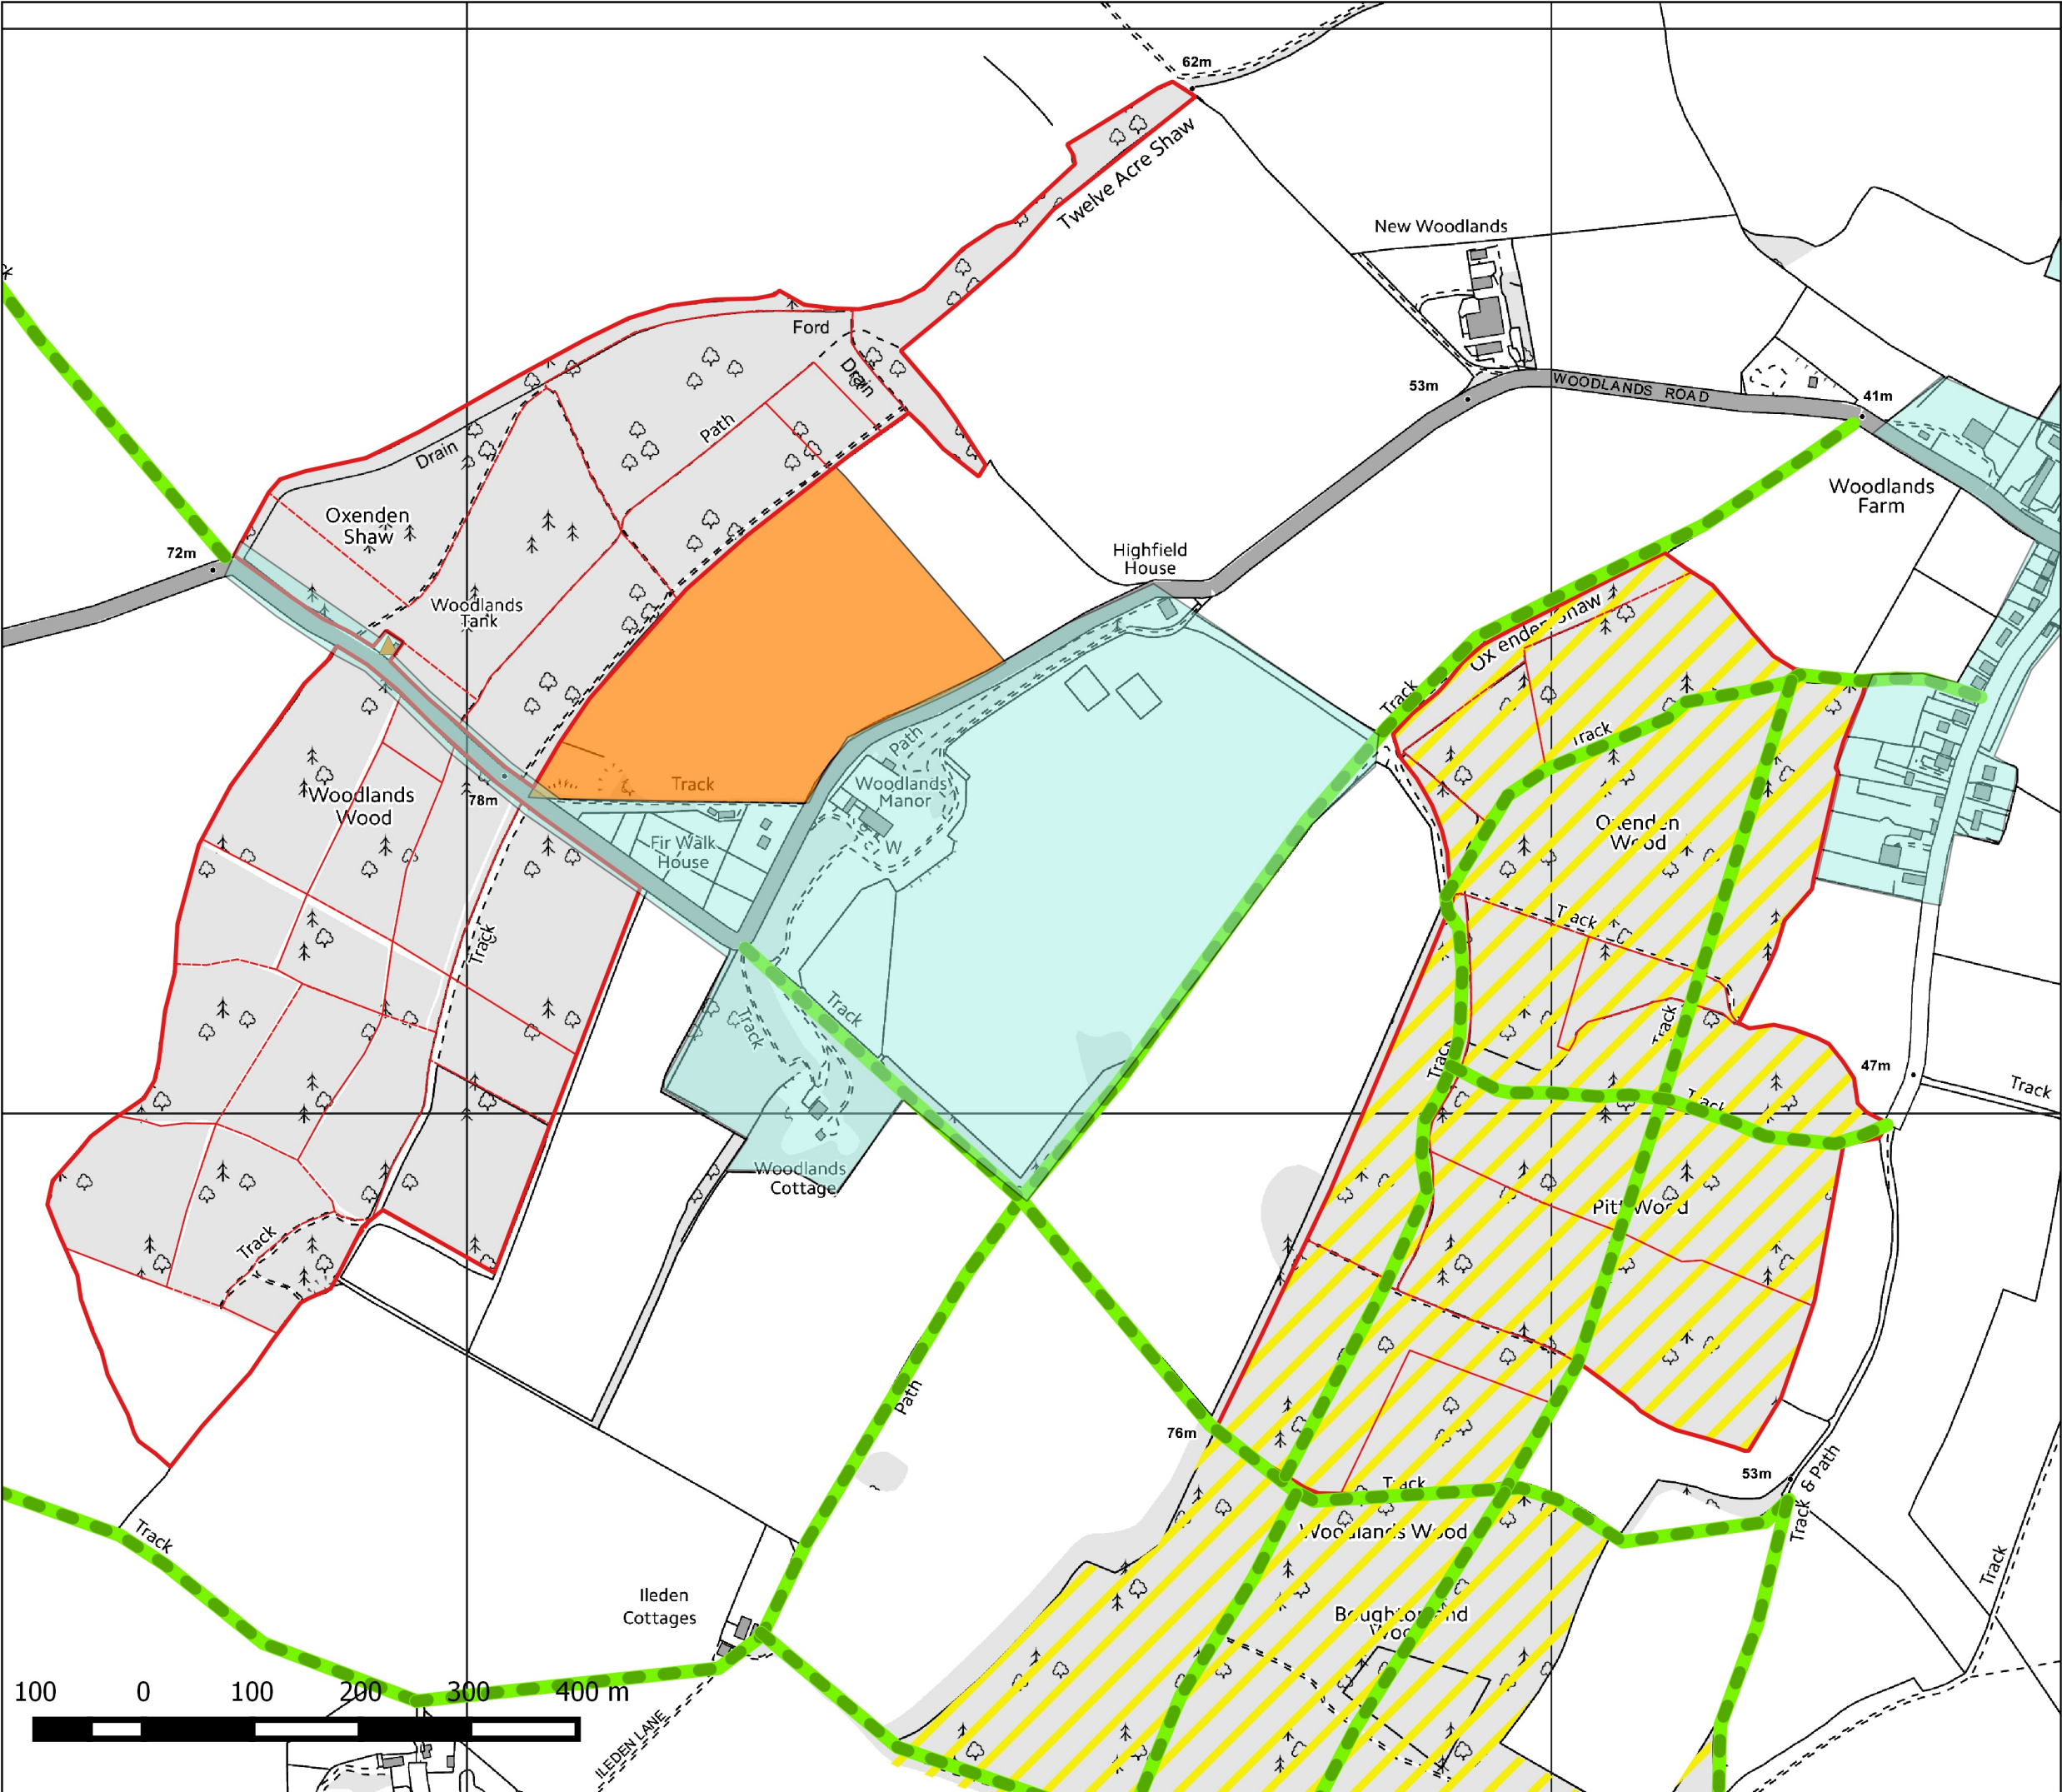

Map 2 To Ileden Woods Woodland Management Plan  
Statutory Designations

Map showing the statutory designations that are a consideration in management of the woodlands.

There are various Public Rights of Way through Compartment 3 as mapped. Compartment 3 is also designated as a SSSI as a Kent Plateau Upper Chalk Woodland.

In Compartment 1 there are 2 historic features directly outside of the woodland boundary. The water tower is a listed building and the field to the east of the boundary is a Scheduled Monument (medieval field system).

The Woodlands Park (Adisham) Conservation Area extends to encompass the southern 10m of Oxenden Shaw, The water Tower and the roadside trees to either side of the public road. This designation prevents coppice of felling of any trees unless there is an approved felling licence. The Adisham Village Conservation Area does not extend into Oxenden Wood.
